Form of teaching	
Form of assessment	The final grade is formed as the average score based on the following grades: (i) activities in solving practical problems and tasks, (ii) homework, (iii) evaluation of 3 mid-term exams. Each mid-term exam consists of a practical assignment and some theoretical issues. The last mid-term exam covers teaching materials from the previous mid-term exams, and as such it is the final exam of the course.
Number of ECTS	4
Class hours per week	2+1+1
Minimum number of students	
Period of realization	Winter semester
Lecturer	Nataša Šarlija
